## A Message From Ms. Trish

Hello again preschool families and welcome to another exciting month of learning! These last four weeks have flown by and getting to know your children has truly been a joy. We are already seeing tremendous social growth in the classroom. The children are learning to negotiate, use their words to express their feelings and to collaborate in play time and academic projects. We are seeing many new friendships forming which is by far my favorite part of embarking on a new school year.

The month of October is going to be very busy at preschool. Our overall classroom themes for the month are farm and agriculture. With this theme we will explore the animals found on a farm and what roles they contribute to a farm ecosystem. Our class will learn about the various types of plants that grow our food such as vines, trees and bushes. The children will also take a more in depth look at pumpkins and investigate the parts of the pumpkin, the seeds and how they grow.

Our field trip this month is Fog Willow Farms. On this visit we will see many kinds of farm animals, learn about bees, take a hayride and bring home our very own pumpkins. Please keep an eye out for a flier with more information. We also have planned a walking field trip to the Hagan Community Barn from our classroom. This trip will take place on October 21 and 22 during our normal school day. Please have your child wear comfortable clothes and closed toe shoes for this adventure.

To wrap up the month of October both classrooms will celebrate with a Harvest Festival! More information will be sent out in two weeks. Our weekly letter focus this month will feature the letters P, N, C and K. If you have any questions please feel free to catch me at the door, send me a message on the Bloomz app or an email at the address above. Thank you for choosing Cordova STEAM Preschool.

Sincerely,  
Ms. Trish
